

Chief of Staff & Extension
Bulletin #2
“Soaring to New Heights”

Are you ready to spread your wings and prepared to fly?

Program information has been disbursed to Auxiliaries and you have discovered each program, their goals, and what it takes to have a Healthy Auxiliary. As we continue to be house bound, this is a great opportunity to review the Bylaws and Ritual and the Healthy Auxiliary Tool Kit.

➤ Are you holding a new Office or Chairmanship? ➤ Have questions about Programs & Reporting? ➤ Are you new to our Organization? Then the ***“Building on the Foundation”*** Guidebook is for you! All District Presidents were given a book from School of Instruction and can also be accessed at <https://vfwauxiliary.org/resources/> along with information on all programs. This is a wealth of information for every level of the organization and its members!

There are many ways to achieve our goals and report your Community Outreach. Contact members and share Patriotic holidays, get out the vote, send cards to veterans, Military Support, Scholarship distribution, homeless relief kits, Buddy Poppies included with crafts for Youth Activities, and volunteering and donations to the community.

Publicize your Auxiliary activities and programs so that your community will look positively at the VFW and perhaps have an interest in joining you in your mission. When you speak to potential members let them know there is something for everyone in the VFW Auxiliary. Discuss our programs and how they can get involved.

Recognition and a simple “thank you” expressed to our members, non-members and comrades for their time and talent is always appreciated. A fillable Good Job Award certificate is available on the National Auxiliary Resources page.

Rise up! Our veterans still need us and in all our years we have never let them down. Let’s continue ***“Honoring Our Mission to Serve Veterans.”***

“No bird soars too high if he soars with his own wings.” – William Blake

Loyally,

Elaine Taylor

Department Chief of Staff & Extension Chairman
