

Hello my name is Margie Lindberg and I am your Department of Washington Hospital Chair this year. I belong to Skyway VFW Post 9430 Auxiliary and have been in the Auxiliary for about 10 years. I have posted my letter of introduction to my national ambassador if you wish to learn more about me.

I have also posted a list of the Hospitals and Veterans Homes we support directly, but we are not limited to these alone. (see below)

We have VAVS (Veterans Affairs Volunteer Services) who work directly with these facilities.
Please contact me for their information.

A FEW THINGS TO REMEMBER:

- We serve ALL VETERANS, SERVICE MEMBERS, and THEIR FAMILIES.
- ANY VETERAN or SERVICE MEMBER at ANY facility, hospital, nursing home, or private home facility.
- ALWAYS coordinate with the person(s) at the facility before visiting, donating, or bringing items. Mailings and hands-free drop off at the door will be your best bet during COVID-19.
- REPORT ALL ACTIVITY!!! Keep track of hours, materials/items, monies donated on your report for Hospital. You will need this for your Year-end report.
- Do not forget to keep track of April, May, and June on your report.

**FOR THIS PROGRAM TO BE MOST EFFECTIVE AND EFFICIENT
WE MUST ACT AS A TEAM:**

- I need each Auxiliary to send me the name of your Hospital Chairperson.
- I will be keeping in touch by posting on the official Department of Washington Web Page and directly with VAVS Reps, District and Auxiliary Presidents, and Auxiliary Hospital Chairs.
- Please use the Hospital Program Links provided on the main page.
- I do expect emails and pictures about ANY hospital/retirement homes interactions, (i.e., pictures of what you mailed or dropped off) to margiesvfwaux@yahoo.com. (of course, complying with photo privacy issues.)
- I am open to suggestions and ideas for Hospital Fundraising as well as looking for help with those activities.
- I will do my best to visit each District during my term, keeping government phases in mind relative to the virus.

UNWAVERING SUPPORT FOR UNCOMMON HEROES
