## **When talking with New Members you are in the Role of a Mentor?**

If you need assistance in putting together a Mentoring for Leadership Program, let me know and I will provide you with information to share with your Auxiliary. The National Ambassador has information available on the National Website and does blogs and bulletins four times a year. If you have difficulty locating this; again, let me know and I am more than glad to assist you.

An updated Year-end Report will be on the Department Website by the time you receive this Bulletin.
