

Mentoring for Leadership Bulletin # 2 - September 2020

Hello All,

Your leadership role as a Mentor is to inspire and motivate others. Everyone wants to be a part of something that makes a difference in their community. As a leader, you are best able to help the members of your team connect what they do in their community with the impact of our mission of service to our veterans, military and their families.

There are many different styles of mentoring. This month I thought we would try using a game as a mentoring tool. I have created a word scramble for you to share with your mentees and auxiliary family. This is a good way to have fun and talk about the answers!
