

Thank you...

"Never in my wildest dreams did I think that I would need such a grant. I truly appreciate the help to pay the insurance copayments for the three surgeries that I needed."

"Thank you so much. Your check came as I was in the hospital and already stressed over all the added expenses. It has really helped to relieve some of our stress."

"I cannot tell you how much your check meant to me. I was in the hospital for six days, home for two, then back in for 11 days with complications. We're still getting bills – almost daily – and the \$500 has been a big help! Thank you very much. I'm so impressed with the VFW Auxiliary, and I'm proud to be a Lifetime Member."

"This note is to thank you so much for your generous gift to help me through my illness...It's so nice to know I'm not fighting this alone."

"You all are truly angels for all of us who receive this grant."

"There are not enough words to thank you for the cancer grant. My doctor and hospital were almost 100 miles from where I live, the trips were getting very costly in gasoline and the medications expensive. Your generosity has made a very bad experience tolerable...God bless you all, not just for what you do for our vets, but also what you do for your Sisters."

"It is heartwarming to know that the Ladies Auxiliary VFW has such a generous program for its members. The grant money helped with gas to the 30 radiation treatments and costs not covered by insurance. It was especially nice to have such an easy application process and quick response. A diagnosis of cancer is like a body punch and there are so many forms, and doctor visits, and interventions that the simplicity of the grant process was wonderful. I am currently nearing the end of my radiation treatments and preparing for the next phase of treatment. I have never been more proud to say that I am a member of the Ladies Auxiliary VFW."

"It was so uplifting to find out how much the VFW Ladies Auxiliary was there to support me when I needed it most. Thank you! Thank you! Thank you!"

"Thank you for my cancer grant. It has assisted in paying for my doctors' bills, hospitalization, tests and treatments. The gift of love was essential in my recovery. I am now a cancer survivor and shall always be thankful to my sisters for their generosity."
