

YOUTH ACTIVITIES
Bulletin #3

As we have set our clocks back it is time to move forward with the Holidays- remember Operation Homefront helps kids have Christmas. It is fun having a work party for Christmas stockings for families.

It is also the end of a year, but a new beginning is just around the corner and a perfect time to contact schools, scouts, PTA's for ***Illustrating America*** in Art and ***Get Excited for the Red White and Blue*** singing Contest-K-12.

Place an article in your local newspaper and on your Facebook page.

November is a time to remember those that have served our country, talk, and write them or visit. Go to a school that is having a program for Youth and Veterans. Be very proud to assist when needed- reading is Fundamental in keeping them in good spirits during this season with a reason.
